## **PRESIDENT'S REPORT**

In comparison to June the month of July at the club has not been as active but in fairness there has been some outside rentals that have helped us get by and pay our way. This month saw Tom Jones and Elvis Presley perform, and a walk down memory lane warms the cockles of the heart and our own Tommy Scade certainly appreciates a good Elvis song or any Elvis song when it comes to that. The Blue Night was certainly disappointing as far as numbers go when we did expect a larger turnout and I must say it is our own members who are not supporting the events or functions, however the Cambridge True Blues flute band and Norman Mason were very good and we know we cannot please everyone, overall them who were there seemed happy. Gordon can get very frustrated with the lack of response from our own but we cannot pull you away from your homes, trailers, cottages ect. We showed the world cup final on the Sunday which was also our yearly bbq and it went over well with a big thanks to Gordon and Stuart for their hard work once again, presenting a fine spread enjoyed by all, I cannot forget Fraser Wilson who provided the burgers and sausage. It would be remiss of me if I did not thank Scott Allan (and Fraser Aird for arranging it), Scott went to Murray Park and presented our Player of the Year award to Lee Wallace in fine fashion well done Scott and thank you.

At our June meeting it was put on the floor by a member to have our membership discuss and consider to having a member only serving one year on the committee to be eligible to run for President, this topic will be discussed at our monthly meeting in July before we can go forth with any changes to our constitution and bylaws all members will be notified.

Gordon Brown as usual has been hard at work with regard to entertainment upcoming at the club and on page two of the newsletter you will see this under Upcoming Events. The Ran-Cel / Andy Rumsby Memorial golf tournament has a name change Ran-Cel / Rumsby Memorial golf tournament as you are all aware we lost Harry earlier this year and your support will be appreciated with all proceeds going to the women's shelter in Brampton. Gordon Has given me his entertainment list up to Dec -31-14 and all going well I will have it on this newsletter.

Rangers have been on preseason tour in North America and at the time of writing this newsletter they are warming up in Ottawa we wish them the very best of luck even though they are still trying to gel as one unit all hopes are with them, we have twelve members in attendance at the game. The season starts August -10-14 against Hearts. Please I beg of you come to your club and support your team in the company of your fellow bears to ensure we can bring you the best we need your support.

As far as sick or distressed members go we must have a clean bill of health as I have nothing to report, if you know of anyone member or family please let one of the committee know so we can send our best regards as we do.

**Alistair McFarlane President**

XX

## Rangers

Tuesday August 5th 2.35pm Hibs

Sunday August 10th 8.30am Hearts

Friday August 15th 2.45pm Falkirk

Tuesday August 26th 2.45pm Queens Park
