PRESIDENT'S REPORT

It is very unfortunate for all of us I start my report with a negative, while on vacation the club was broken into and the safe broken into money stolen along with extensive damage to the side door, we will replace the safe and repair the damage along with some more security measures, we hope this culprit is found and convicted, it is still an ongoing investigation at this time.

Due to the above news it does not leave one with a very warm and fuzzy feeling and going by the phone calls I have received on my return it is my understanding our monthly meeting in September was quite vocal with Fraser Wilson (Vice President) heading the meeting in my absence, Noel Fitzgerald (secretary) and Tony Mathews, Let me first of all remind you these men along with myself are volunteers in an elected position, When you as a member have a concern the monthly meeting is the proper place to voice your concern but NOT belittle any individual who sits in that club with you as they are also a member who pays dues, and if our financial report comes across as doom and gloom then suggest how to paint a different picture but the bottom line remains the same in any tone This is the month you can change all of the above put your name forth for a position on the executive and or committee as nominations will be held on the 2nd of NOV. and come November if you are one of the fortunate then you can be a part of boosting the finances and serving bar along with the many other hours you are expected to invest in our club. I do think new members must be a part of the club for one year before being nominated or elected into any position I will confirm this situation, all positions are open to all members with the exception of President you need to have served two consecutive years on the committee to hold that position. Please you are encouraged to participate in your club help keep it the great club that has been built over the years with many a good builder past and present.

It is with a heavy heart I write of the passing of one of our members in the person of Rab Cole, Rab was one of my sponsors into the club and in many ways a mentor to me as he was to many, Rab was blunt and to the point and if you did not like it tough that's the way it was however he did have a wicked sense of humor and could warm you or himself up with a wee voddy but on his sensitive side he did like a good movie and even bad ones were o.k. his taste in music was also quite good which may be a surprise to a few. I was away on vacation when Rab passed so I will say now R.I.P. my friend and may you still continue to be you wherever you are.
