

## President's Message

Hello again. Well as most of you will probably know the nominations were last month and unfortunately for me, I was forced into the Presidents position again, I tried to get out but the membership wouldn't allow it and to be honest I can't blame them, lol. But seriously, I'm thrilled to be the President once again, the 1st year has went by so quickly. Over the last year our club has had some changes including increasing our members list, hopefully, this continues again next year. I believe next years committee will be raring to go too on January 1<sup>st</sup> and know they have a tough act to follow . This year's elections will be for 6 committee members, when was the last time we had 10 running? Unfortunately, 4 will miss out but what I will say to them? Don't let it get you down, I tried for the committee many years ago and wasn't successful at first try, so keep your chin up it's still your club.

Well our beloved team had a few sticky results over the last month probably the away game in Moscow & the semi final was the most disappointing as we should have won them both. the sheep game we had most but just couldn't score an additional 90 mins would not have made a difference. In Moscow, we scored 3 goals and left without a point! Poor defending no question. At least we are in with a chance as the display against Motherwell gives us hope .

So the Yule tide bottle draw has started, please make sure you buy some tickets as there are impressive donations and the proceeds got to the kids Christmas Party . So to all our fantastic members if you have a bottle you still wish to donate please let Gordy or myself know Anyway it's coming up the festive period I hope to see you in the club for some festive cheer . Take care everyone see you all soon . We are the people..
