PRESIDENT'S REPORT:

I would like to thank all members for the honor you afforded me in representing the club at the N.A.R.S.A meetings in Orlando Florida, it was an experience and education for sure. At our members meeting June-26-11 I am certain you will be brought up to speed with all the news from near and far including RTV against P.S. For me speaking to members from other clubs on what they do to keep the club financially healthy was very interesting as it was Bramalea who gave them ideas on what activities to do, I can assure you that made me feel great. There were twenty-two members from Bramalea in Orlando and I personally thank them for their attendance. It would be remiss of me if I never mentioned Tommy Kingsberry and his donation to the club in the way of a print of poppy day at Ibrox, it is hanging on the north wall below the big screen. Upcoming entertainment at your club is our mixed golf tournament, Texas Hold Em!, an afternoon with Elvis, Blue night, Ran-Cel golf tournament and club family picnic,

Please try to support some activities at your club without support there will be no club "its that easy."

Tony will show in his financial report this month just how the money goes as June has been dismal so far and does not look good for July so I suggest you as a member try to help by attending and supporting some events. The club is available to rent for private functions, if you know of anyone looking for a hall recommend your club the price is right and also for beverages, we need to do something to bring in revenue. A special thank-you to Gordon Kennedy for the ordering and picking up the disco ball and lights also to John Caldwell and Tyler Vincent for installation of same, mind you it does look like New Years eve at Times Square in N.Y. While I am in the thanking mode a real special thanks to the Donald as he has stepped up to the plate in Noel's absence and done the newsletter for us, this is all at a time while Alice has been under the weather. July-23-11 Rangers have their first league game against Hearts so here's hoping they have a great season under new ownership and management. Good luck Ally we are behind you 100%

Rangers: ... Kick off the 2011/12 season with three friendly games, One in Ireland and two in England.

This will give Ally McCoist his first taste of managing Rangers in his preparation for the 2011/12 UEFA Champions League and SPL season.

He has quite a task on his hand with a new owner, board of director and players for upcoming season.

We wish him well and hope that his great sense of humor will help him handle the stress of the job.
